

Homestead

A design intention framework
in collaboration with The Waddle Family

2025

Elizabeth A. Schultz, Founder & CEO

Prologue

Over our lifetime, we collect many things—people, memories, experiences, and belongings.

Our sentimentality and attachment to physical treasures often reflect the wealth we gain along our path toward understanding the true riches our talents and blessings have brought us.

In dreaming, we reflect on the past while casting light on the future—on what could be if we fully dedicated our mind, body, heart, and soul to a goal.

Building a home is an ever-evolving task, as being a provider, caretaker, and presence is the most important role when raising and uniting a family.

This design intention framework is dedicated to all fathers with big hearts and truly loving visions for their family's future.

Inspiration | Plans to Prosper

Hidden beneath the clouds, hugging the curve, and tucked into the trees is a homestead.

A place with a strong foundation of faith and family.

Loved ones gather to be with one another, embracing life's many moments and giving thanks for the abundant gifts God offers them each and every day.

PLACE ONE (1) FEATURE AND FOUR (4) SMALL OPERABLE VINYL WINDOWS COMPLEMENTING THE HOME

PLACE FOUR (4) LARGE OPERABLE OLD WINDOWS ON THE BACKSIDE AT A HEIGHT ALIGNED TO THE MAKER'S TABLE SURFACE COMPLEMENTING THE GARDEN'S GALLERY

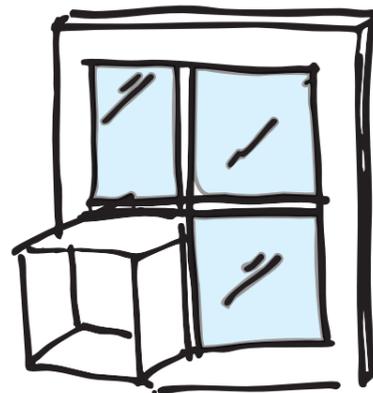

EXTEND THE GREENHOUSE AND POTTING SHED INTO AN OPEN-AIR GROUNDING SANCTUARY THAT FORMS A GATHERING SPACE WITH A STRONG CONNECTION TO THE HOME

Potting Shed

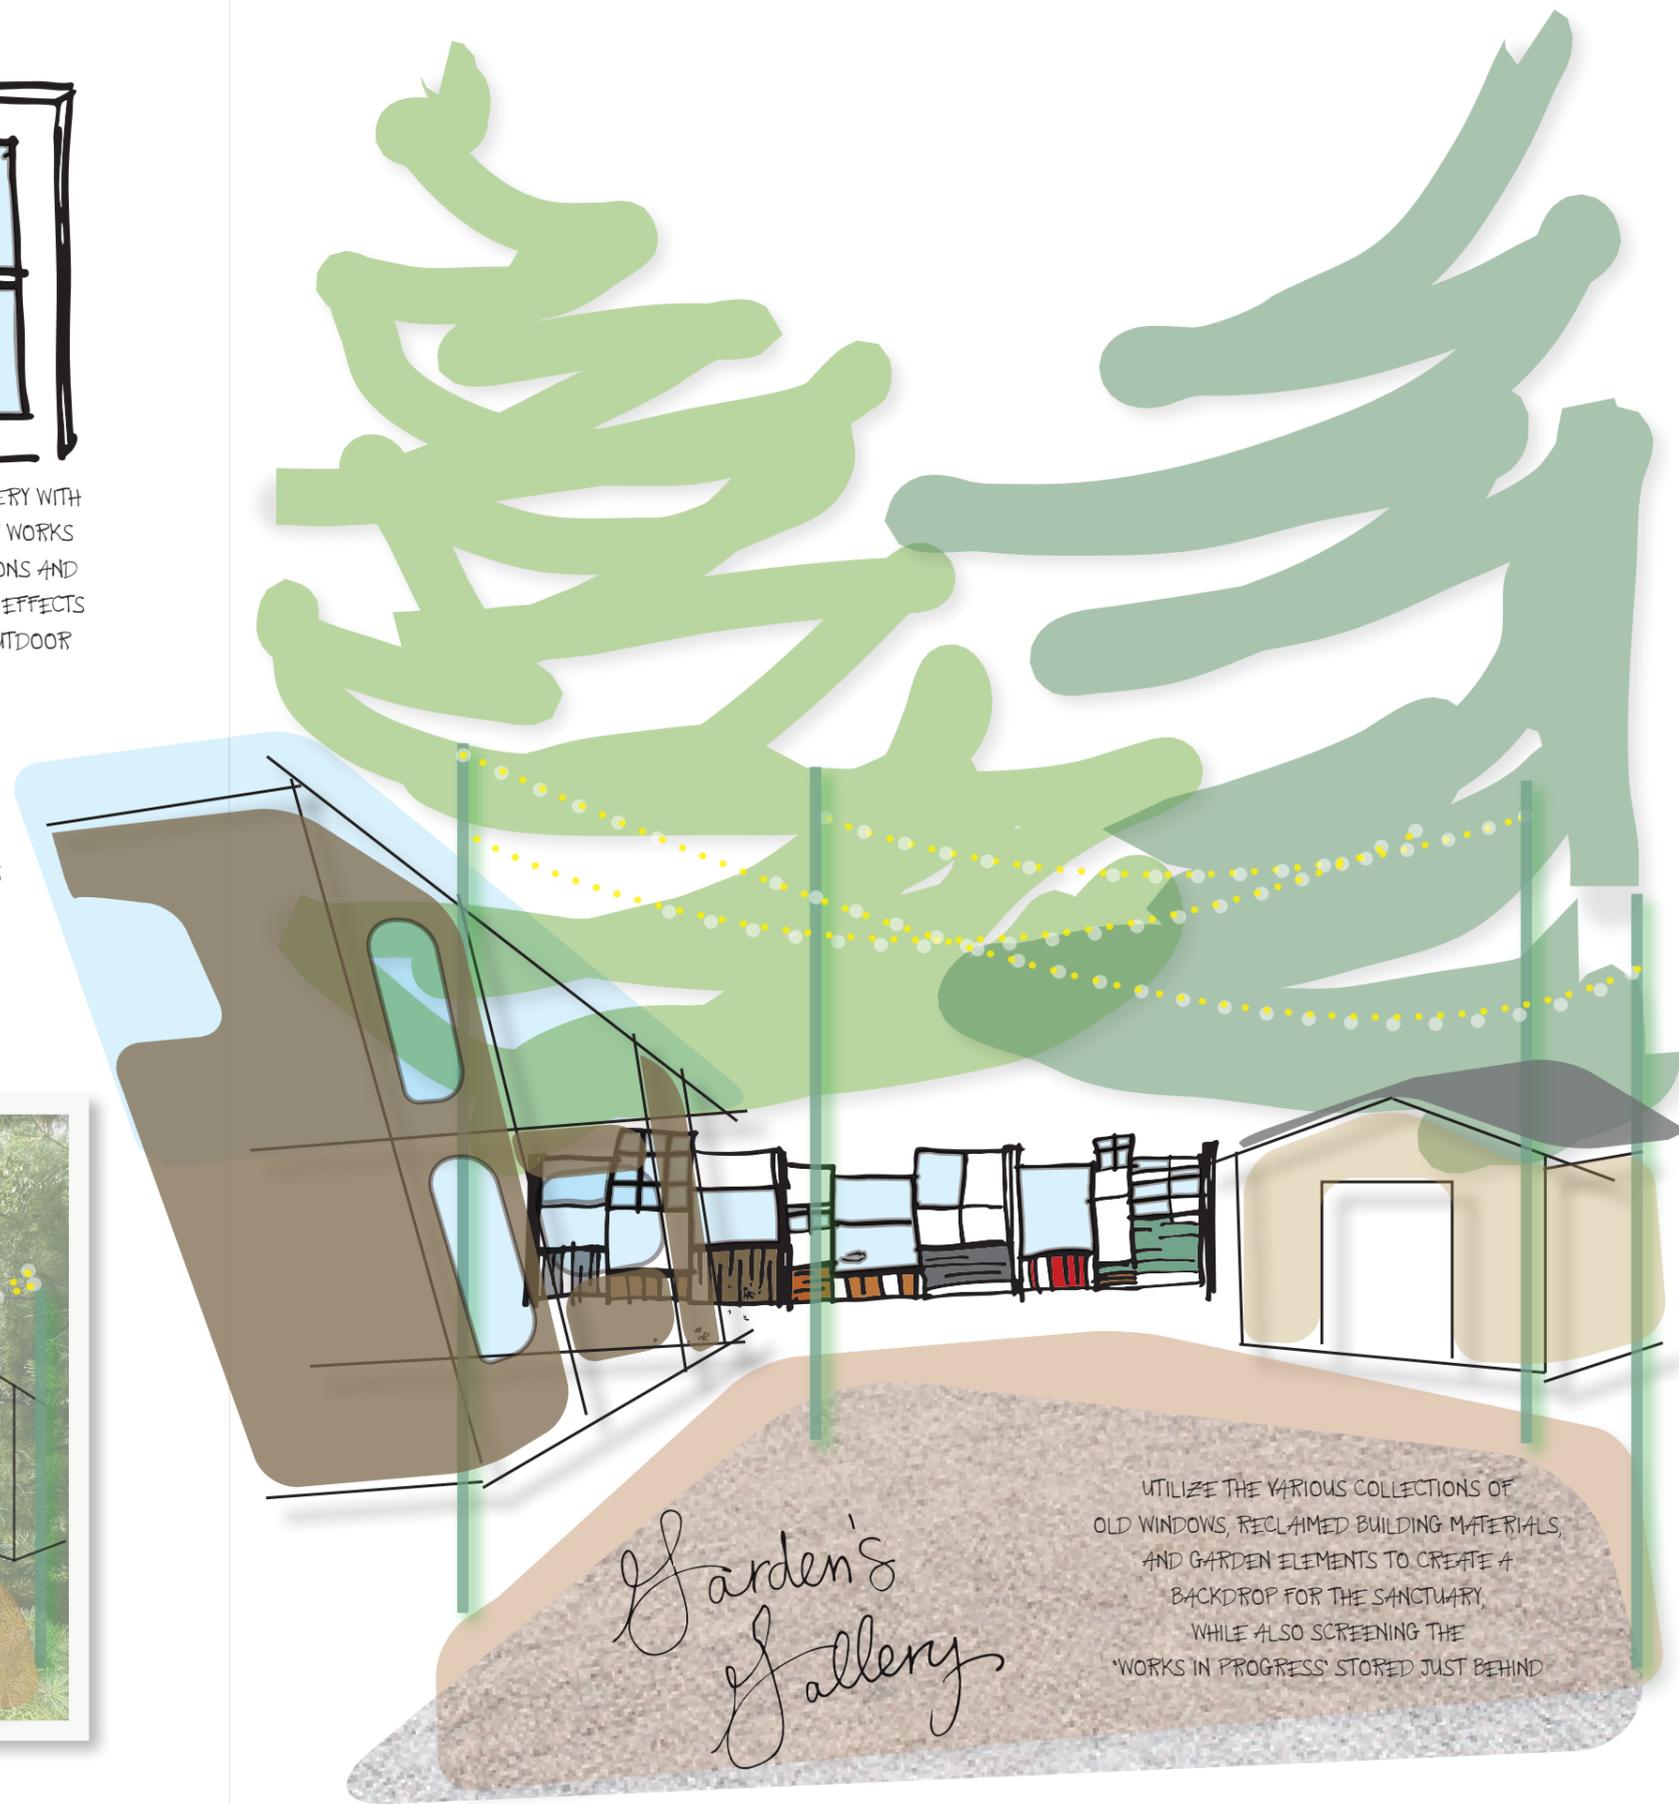

CREATE A CURATED, CLEARED, "DIRTY" SPACE FOR FAVORITE GARDENING TOOLS AND FEATURES, MAKING THE PATH TO GROWING MORE APPROACHABLE AND ACCESSIBLE

BEHOLD A GARDEN'S GALLERY WITH A THOUGHTFUL DISPLAY OF WORKS THAT SHOWCASE THE SEASONS AND ADAPT GRACEFULLY TO THE EFFECTS OF WEATHERING IN THE OUTDOOR ENVIRONMENT

ACCEPT AND EMBRACE THE FRAGILITY OF THE OLD WINDOWS BY INCORPORATING SHADOW BOXES AND SHELVES TO DISPLAY PLANTINGS WHERE PANE OF GLASS ARE BROKEN OR MISSING; STACK LIKE WIDTH WINDOWS INTO PANELS WITH MORE DURABLE, LESS BREAKABLE MATERIALS AT THE BASE

Garden's Gallery

UTILIZE THE VARIOUS COLLECTIONS OF OLD WINDOWS, RECLAIMED BUILDING MATERIALS, AND GARDEN ELEMENTS TO CREATE A BACKDROP FOR THE SANCTUARY, WHILE ALSO SCREENING THE 'WORKS IN PROGRESS' STORED JUST BEHIND

Reflection | With God's Plan in Mind

*Our time is an unknown, finite resource, graced to us by God.
 Only He knows how much time we have on the earth before joining Him in Heaven.
 Being able to find the scope within ourselves to prioritize our time is imperative.*

We are capable of many things; however, we may not be meant to do all things how we plan.

While we can plan, it is God's plan that prevails.
